

# Long View Azure for CSP

## Maximizing your Microsoft Azure investments

If your organization is already in Azure, you know the value and power of a public cloud solution. As leaders in the managed service provider sphere, Long View is finding new ways to maximize the value of your cloud subscription and the efficiency of your teams. Our Azure for CSP service is a future-oriented solution utilizing our experience with Azure subscriptions and leveraging the automated Cloud Management Platform to support and drive cloud maturity.

### At a Glance:

Long View Azure for CSP offers:

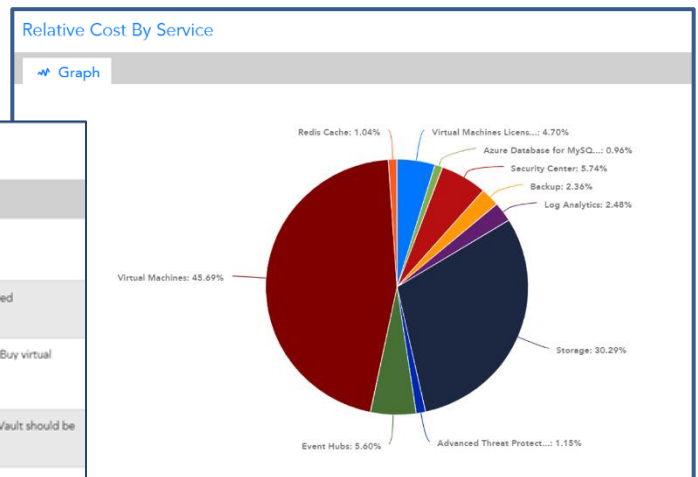

- Support for implementing reserved instance pricing for cost savings
- Advisory, guidance, and billing support backed by our Microsoft experts, Azure Expert MSP status, and Gold partnership
- Escalation to Microsoft Premier Support to mitigate client issues
- A resource dashboard for Azure utilization and cost insight to keep you within budget

By choosing Long View we enable your business to:

- Access additional Microsoft Azure expert support for your Azure platform at no additional cost
- Gain insight into your Azure platform and service health to better understand your environment
- Reduce Azure costs and strengthen security
- Better utilize your investments in Azure and improve expansion of future services
